ORDER NO. R1-2002-0064
WDID NO. 1B96056N SON

RECISION OF
WASTE DISCHARGE REQUIREMENTS,
MONITORING AND REPORTING PROGRAM
AND NPDES PERMIT No. CA0025038
ORDER NO. 97-119

FOR

STATE OF CALIFORNIA
DEPARTMENT OF TRANSPORTATION
DISTRICT 4

Sonoma County

The North Coast Regional Water Quality Control Board (hereinafter Regional Water Board) finds that:

1. On October 22, 1997, the Regional Water Board adopted Waste Discharge Requirements (WDRs) Order No. 97-119 for the California Department of Transportation (CDOT) (hereinafter discharger), Santa Rosa Municipal Services District 4 located in Sonoma County.
2. Discharges consist of storm water runoff from construction, maintenance, and operation of state-owned conventional highways, freeways, expressways, and related maintenance facilities. Receiving waters include Brush Creek, Colgan Creek, Coffey Creek, Matanzas Creek, Paulin Creek, Piner Creek, Santa Rosa Creek, Spring Creek, and Todd Channel, which are all tributaries to the Laguna de Santa Rosa. Statewide National Pollutant Discharge Elimination System (NPDES) Permit Order No. 99-06-DWQ for CDOT covers WDRs for all CDOT facilities statewide. Therefore, an individual stormwater permit for District 4 is no longer necessary.
3. The action to rescind WDRs is not subject to the California Environmental Quality Act (CEQA), Public Resources Code Section 21000 et seq., pursuant to Title 14, California Code of Regulations, Sections 15060(c)(2) and 15061(b)(3).
4. The Regional Water Board has notified the discharger and interested agencies and persons of its intent to rescind Order No. 97-119 and has provided them with an opportunity to submit their written views and recommendations.

5. The Regional Water Board, in a public meeting, heard and considered all comments pertaining to this matter.

THEREFORE, IT IS HEREBY ORDERED that WDRs, Monitoring and Reporting Program, and NPDES permit No. CA0025038, Order No. 97-119, for CDOT, Santa Rosa Municipal Services District 4, is rescinded.
